

*Working to achieve a society where  
no person's life is limited by epilepsy*

## General Election Campaign 2020

1. The approval and filling of posts for specialist epilepsy healthcare professionals including consultant neurologists and epilepsy specialist nurses as identified in the HSE's Model of Care for Epilepsy
2. Access to new, proven medications and interventions that are available to people with epilepsy in other countries
3. The development and implementation of a national strategy to reduce the number of preventable epilepsy-related deaths
4. Automatic access to Free Travel for people with epilepsy who are prohibited from driving due to their epilepsy diagnosis
5. Amending the State Examinations Commission's Reasonable Accommodations to ensure that students with epilepsy are provided with appropriate accommodations where required in State exams
6. The full implementation of the Oireachtas Committee on Health recommendations on Sodium Valproate and foetal anti-convulsant syndrome (FACS)
